### **READYTALK TRY IT YOU'LL LIKE IT**

**WYOMING** – You don't have to be computer literate, the Small Business Administration's (SBA) conferencing system, ReadyTalk is simple and easy to use. It gives you audio and web conferencing services that enable you to view webinars, training sessions and workshops remotely.

Many times it's easier to see what someone is trying to tell you instead of attempting to visualize it in your mind without the benefit of actually seeing it. You may need assistance with a loan application or help finding information on our website. Coordinating a conferencing session with SBA's staff results in immediate audio and visual assistance to answer any questions you may have. ReadyTalk makes it easier for clients to attend our conferences, while limiting the time and expense of leaving your office and spending travel dollars.

The SBA periodically puts on training sessions, webinars and workshops through our conferencing system, ReadyTalk. Watch for our next session and join us or call us for online assistance, try it you'll like it. For more information or to find out when the next training session is scheduled contact SBA's Beth Hink at 307-261-6502 or email [elizabeth.hink@sba.gov](mailto:elizabeth.hink@sba.gov).
